

The Brussels Barrios Festival 2009
Newsletter #2

July 23, 2009

The Barrios Festival which will take place in Brussels is taking shape. In this Newsletter we bring you the master class information.

The Barrios Festival will remember the fact that Agustín Barrios performed in this city in November 1934. While during the time spent in Europe he must have performed in various countries like Germany and Spain, the Brussels performance is at this moment the only one of which information has been found.

During the festival there will of course be recitals but on top of that there are master classes, lectures, an exposition of Barrios guitars and manuscripts, and film projection. Artists from all over the world have promised their cooperation: Luz-Maria Bobadilla (Paraguay), Elina Chekan (USA), Eliot Fisk (USA), Antigoni Goni (Greece), René Izquierdo (Cuba), Jerome Mouffe (Belgium), Manuel Obregon (Costa Rica), Berta Rojas (Paraguay), Carlos Salcedo (Paraguay), Jorge Sanabria (El Salvador), Raphaëlla Smits (Belgium), Felipe Sosa (Paraguay), Enno Voorhorst (Netherlands).

Master classes take place on November 7 and 8, 2009. Students need to be proposed by their teachers.
